## BARRON 4 BOX BALE BED

### **FEED WITH EASE!**

**Never leave the Comfort of you Cab.**

Spend more time drinking coffee and less time trying to get the tractor started. The money you save on tractor tires will pay for your NEW BALE BED. Hydraulic pump is mounted in the passenger side tool box and your hand controller is locked inside the truck cab. Bale spears can be removed and stored behind the rotation bar, locked in, so you can still pull your gooseneck trailer.

**The IRONSTAR BALE BED  
on your truck is the best addition  
to any ranch since barbed wire.**
