

BRIGHT LIGHTS BIG CITY LET'S GO!

ALUMINUM TRUCK BEDS

IRONSTAR

BUILDING TRUCKBEDS TO MAKE YOUR LIFE EASIER

IRONSTAR Aluminum beds are designed to withstand the demands one tests it with. Steel frame and cross members are the under strength of this bed. Other features include an integrated gooseneck box and a rear bumper receiver hitch. These combined features are the backbone and allows the IRONSTAR Aluminum bed to be installed just as a steel bed is installed on a truck. If you are looking for durability against scratching , paint chipping ,and road grime- The Aluminum bed by IRONSTAR is for you!
